COMPANY PROFILE

AVIALEC is a Spanish private company dedicated to the design, manufacturing and distribution of LCD and CRT display solutions addressed to a wide range of applications such as information displays, control rooms, video surveillance, corporate, museums, presentation, advertising, video conferencing and broadcast. Active in the monitor market since 1996, Avialec proceeds from former Electrònica Albiral, which was dedicated to the design and manufacturing of TV sets and with an experience of more than 20 years in the electronic's field.

The firm is located in Sant Hipòlit de Voltregà, in the heart of Catalonia, a dynamic region with an economy which is a driving force in the European Union and which is considered a sophisticated business hub of Europe's new industrial growth area. Today, Avialec operates with a global vision of the market, and 50 % of its production is exported through a network of international distributors. The company is using first brand CRTs and LCD panels and thanks to its structure is flexible enough to provide solutions

to the special products you may need in a very short time. Its versatile organisation can quickly respond to the customer needs. Flexibility, creativity, rapidity and dedication to customers are the company's values.

Products:

- CRT Monitors
- LCD-TFT Monitors
